

Terms and Conditions

I understand that I am making a commitment to support Fair Weather Farm at Fairhill and to share in the rewards and risks of the farmer's harvests.

By subscribing to Fair Weather Farm at Fairhill CSA Share Program, I understand fully that the produce I receive is based on availability of harvest. I understand that there will be some weeks where there may be more produce of some or less produce of others, or the possibility of a failed crop(s). I also understand that Fair Weather Farm at Fairhill is not responsible for Acts of God and that as a member I am willing to accept the conditions the farm is faced with as part of my own risk.

Our Growing Practices

Fair Weather Farm at Fairhill is committed to sustainable farming – we utilize time-honored organic methods. We do not use any synthetic, non-organic herbicides or pesticides. As part of our sustainable farming practices, we preserve our natural resources and fertilize our growing fields only with compost from organic matter (e.g., leaves, straw, hay, spent vegetables and flowers). We are happy to tell you more about our growing practices.

Pick-up Only / NO Delivery

All shares are required to be picked up directly at the farm. CSA Members are allotted to choose the day & timeframe (*based on farm operating hours*).

Share Contents

Each day you come out to the farm, you will pick from a bounty of our freshest organically grown produce. Most items will be ripe and ready to eat. Occasionally, some items will need to ripen a few extra days. We will do our best to provide common items you are used to eating, but we also grow produce you might not haven't been accustomed to. We have a recipe link (Yummly) on our website to help you cultivate meals from each week's items.
